# NCSL International

## A Professional Trade Organization

NCSLI is a professional, member based organization, aimed at providing the best opportunities for, learning, understanding, enhancing, exchanging and presenting the applications and advancements of Measurement Science, across a broad range of disciplines to experts and practitioners.

### VISION

Be the world's recognized source for measurement science expertise and information

### MISSION

To provide the best opportunities for the world's measurement science experts and practitioners

- to network and exchange information;
- to promote measurement education and skill development; and
- to develop means for organizations to resolve measurement challenges
