

G11.05.01 **Overview of Euramet** **activities**

Duncan Jarvis

Madrid and Tres Cantos, Spain
15 – 18 May 2017

Key Activities this year

- Closer collaboration with Standards Developing Organisations
- Responding to EC consultations and supporting European policy development
- Developing a roadmap towards a more integrated metrology landscape
- Closer integration of DIs into Euramet activities
- Growing Capacity Building
- Supporting quality infrastructure
- Celebrating being 30!

Key Performance Indicators (2016)

- There were 15379 downloads of Euramet calibration guides in 2016
- Projects in the metrology programmes made 396 contributions to standards in 2016
- 216 non-members will join the consortia for the projects selected for funding in 2016
- 434 peer reviewed papers were recorded by EMRP projects in 2016.
- 65 % of Euramet DIs are involved in Euramet projects
- 81 % of Euramet DIs have CMCs approved
- All these are greater than the targets we set ourselves for 2017, but we are behind on joint publications at only 14 %.

The secretariat...

- Allocates and manages a research budget worth over 90 M€ every year. From first call to final audit.
- Facilitates over 50 meetings for members every year.
- Provides a comprehensive website tracking every meeting and research project, with newsletters and impact reports.
- Provides advice and training at all levels, including mobility grants.
- Has 38 members (or vacancies)
- Costs about 4.5 M€ per year
