

G12.04.01

Overview of Euramet activities

Duncan Jarvis

12th GA, Bucharest, Romania
28 – 31 May 2018

Key activities this year

- Celebrating being 30!
- Discussions with WELMEC – providing their secretariat
- Review of needs for Metrology to support regulation
- Development of the concept of European Metrology Networks
- Persuading the EC to support a further metrology programme under “Horizon Europe”
- Preparing for the revised SI
-plus all the regular work on maintaining capacity building activities, the MRA and programme processes

Key Performance Indicators (2017)

- There were 15929 downloads of Euramet calibration guides in 2017
- Projects in the metrology programmes made 427 contributions to standards in 2017
- 196 non-members are part of the consortia for the EMPIR projects selected or running
- 712 peer reviewed papers were recorded by EMRP and EMPIR projects in 2017
- 81 % of Euramet DIs are involved in Euramet projects
- 78 % of Euramet DIs have CMCs approved
- All these are greater than the targets we set ourselves for 2017, but joint publications remain an issue.

The secretariat...

- Allocates and manages a research budget worth over 90 M€ every year. From first call to final audit.
- Facilitates over 50 meetings for members every year.
- Provides a comprehensive website tracking every meeting and research project, with newsletters and impact reports.
- Provides advice and training at all levels, including mobility grants.
- Has 39 members (or vacancies)
- Costs about 4.5 M€ per year
