

# Open Consultation on Metrology for Smart Electricity Grids

Stakeholder Online Session No. 2  
Digital transformation and cybersecurity

25<sup>th</sup> November 2021; 10:00 – 12:00 CET

## Open Consultation on Metrology for Smart Electricity Grids

Stakeholder sessions for  
the EMN for Smart Electricity Grids

16 & 25 NOVEMBER | 1 DECEMBER 2021

EUROPEAN  
METROLOGY  
NETWORKS

**Introduction:** Extracting the essence of smart grid big data will be key to successful grid management. The keynote will address how modelling and data analytics helps to provide meaningful information from collected measurement data.

Time (CET)	Item	Speaker
10:00	Welcome	Gert Rietveld, EMN SEG Chair
10:05	Measurement needs identified via a recent stakeholder survey	Marc-Olivier André, EMN SEG
10.15	Keynote: Modelling and data analytics in smart grids	Prof Mihaela Albu, Politehnica University of Bucharest
10.35	Forum discussion on metrology needs for the digital transformation, cybersecurity and smart grid measurement challenges	ALL
11.45	Wrap up	Gert Rietveld, EMN SEG Chair
12:00	End of the meeting
