### **TRANSFERS TO AND FROM THE AIRPORT**

Istanbul has two major airports serving international destinations: Atatürk (IST) and Sabiha Gökçen (SAW). A third airport, the Istanbul Airport (ISL) opened in October 2018 to very limited service but is expected to completely replace Atatürk Airport at an unspecified date estimated to be in March 2019. Sabiha Gökçen Airport (SAW) is much more convenient in terms of transportation to Gebze and TUBITAK UME. Therefore, it is recommended that you arrange flights to and from the Sabiha Gökçen (SAW) Airport rather than the other two airports, if it is feasible to do so from your location.

In any case, TUBITAK UME will arrange transfers to and from the airports for training participants. **All participants must send their full flight itinerary information to [ume.g4ui@tubitak.gov.tr](mailto:ume.g4ui@tubitak.gov.tr) by 6 March 2019 so that appropriate arrangements can be made. Those who do not send such information by the given date will have little choice but to take taxis to their hotels.** Participants arriving at or departing from the same airports within short times (up to an hour and a half) of one another may be grouped together.

Upon your arrival, you will be met by a driver holding a TUBITAK UME sign with our logo on it in the General Arrivals hall upon your exit from the baggage claim area.
