Logistics information and recommended hotels

1. Logistics information

General notes: all the routes and schedules for public transportation (express buses, buses, and trolleybuses) in Vilnius, including map and real-time traffic, are available here: <https://www.stops.lt/vilnius/#vilnius/en>. The simplest way to pay for your trip is to apply your contactless payment card to the specified area of a device (a ticket validator) that you will find near every door of a vehicle. You will be automatically charged 1.25 Eur for a one-hour ticket. If you need, you may make a transfer to another vehicle; please see <https://judu.lt/en/contactless-payment-on-public-transport/> for more. Drivers do not sell tickets. Please use a middle or a rear door for both entering a vehicle and leaving it - the drivers almost never open the front door.

The best way to reach the center of the city from the airport is to take express bus 3G (schedule available here: <https://www.stops.lt/vilnius/#expressbus/3g/b-a/6015/en>; the name of the stop in Lithuanian is "Oro uostas"). General information about the city is available at <https://www.govilnius.lt/>.
